The table of insurance coverage limits is an integral part of the insurance terms and conditions. The scope of your insurance coverage is set by the insurance contract.

Before you buy insurance (pre-contract information)

Before arranging the insurance, always consider the nature of your trip and all the activities you intend to pursue. Make sure the product version you have selected and its extension options include these activities.

When taking out insurance on behalf of somebody who is not a member of your nuclear family, obtain their consent and forward the insurance terms and conditions to them.

What is BusinessTravel Corporate Travel Insurance

BusinessTravel corporate travel insurance will provide you with coverage during business trips from the Czech Republic abroad. It always includes insurance of medical expenses and assistance services, and we will be happy to set up an extended range individually according to your needs. Your business trip can last up to 90 days.

It covers accidental events related to travel (but never to travel concerns) and the occurrence of COVID-19, as described below in the insurance terms and conditions, which occur during the insurance period, both before embarking on the trip and in its course.

The scope of basic insurance and the possibility of its extension, incl. trip cancellation insurance, are marked in the table of insurance coverage limits.

The table of insurance coverage limits also provides information on when and what amount you will contribute to each claim settled (deductible).

The special term "closest relatives" has been introduced to determine the extent to which your family members are covered under your insurance. It can be found in the interpretation of terms.

Trip cancellation insurance is intended in case you have to suddenly cancel your flight ticket, accommodation or trip.

With trip cancellation insurance you can cancel for not only serious medical reasons of travelling persons, but also for other verifiable serious reasons. Also, it applies to situations where you fall ill with COVID-19 or are ordered a personal preventive quarantine (due to a contact with COVID-19 positive person) or you fail to meet the health conditions for travel at the moment of departure (airport check, boarding a means of transport, crossing a national border etc.).

If a trip to a country whose security, health, political or climatic situation may give rise to travel concerns is cancelled, the insurance claim settlement may be reduced by half.

You can arrange it within 3 working days after paying for or ordering the first travel service. If you pay for or order the journey or service related to your trip less than 15 days before the departure date, you must arrange cancellation insurance on the day of booking.

What insurance does not cover (exclusions)

Insurance does not cover events that you cause intentionally, events that constitute violation of the law as well as any of the events expressly listed among the exclusions.

For the list of exclusions, please see page 20 of the insurance terms and conditions, entitled „What the insurance does not cover“ as well as the detailed description of each type of insurance. All exclusions are colour-coded. Please review the exclusions before entering into an insurance contract.

Pay attention also to your responsibilities described in the insurance terms and conditions. By adhering to them, you will be able to use the insurance to the fullest and we will not have to cut or refuse your insurance claim settlement.

How much insurance costs and how long it applies for

We set the price of the insurance (one-off premium) for the entire insurance period. The price depends on the insurance coverage and the term of the selected insurance, the geographical area, the purpose of travel and the number and age of the people. The price is stated in the insurance contract and is paid according to the number of business trips or by a one-off payment. One-off premium always belongs to the insurer in full.

The insurance contract must be concluded prior to your trip.

The insurance payments are not subject to value added tax and claims are not subject to income tax.

Single trip insurance begins and ends the moment you cross the border of the Czech Republic.

The insurance ceases to be valid if you stay for more than 14 days in an area that we marked as a war zone during your stay or the Ministry of Foreign Affairs of the Czech Republic did not recommend travelling to it.

Trip cancellation insurance is established once the premium is paid and ends in the moment you start using the travel service or cross the border of the Czech Republic.

It applies only to events that occurred during the insured period.

How the insurance is linked to other products

We offer insurance under the same conditions separately or as a supplement to another product or service (trip, flight ticket, bicycle, etc.). However, you can always buy a product or service without insurance.

How travel insurance expires

Travel insurance usually ends upon the expiration of the negotiated term.

Insurance may also be terminated by:

- our mutual consent,
- withdrawal from the contract, if either you or we submit false information,
- withdrawal from the contract within 14 days of arranging the insurance using means of remote communication, as long as the term of your insurance exceeds one month,
- a notice of termination sent within 2 months of the arrangement date. We will terminate your insurance within 8 days of receiving the notice,
- a notice of termination sent within 3 months of reporting a claim. We will terminate your insurance within 30 days of receiving the notice,
- a notice of termination you will serve within 2 months of establishing that we have violated the equal treatment principles. We will terminate your insurance within 8 days of receiving the notice.

Frequently asked questions

Not everyone has the time or the patience to read the lengthy insurance terms and conditions. Therefore, we have created a list of questions and answers, which will provide you with all the essentials you need to know.

Does my insurance cover COVID-19?

Yes, even basic Business Travel coverage includes medical expenses for COVID-19. For both the Europe and World variant, trip cancellation insurance can also be arranged for contracts with negotiation due to your COVID-19 illness. ERV COVID package also applies to situations, where you have to extend your stay abroad because you are unexpectedly and through no fault of your own put in quarantine or fail to meet the health conditions for travelling back home (check-up at the airport, etc.).

Does my age affect insurance?

No, your age does not matter with corporate travel insurance.

Will you insure me if I am pregnant?

Yes, up to 2 months before the scheduled delivery date, we will also cover any treatment or operation related to your pregnancy. The insurance also covers early childbirth and care of the new-born baby. However, your pregnancy must not be diagnosed as risky.

Will I get insured if I am undergoing a long-term treatment?

Yes, you will, the insurance is also available to the chronically ill. However, the condition is that your health status has been stabilised for 6 months before the planned departure, i.e. there have been no medical complications, or changes in medication or treatment regimen during that time. As for trip cancellation insurance, 6 months before arranging the insurance are taken into account.

What does "deductible" mean?

Deductible is a specific amount or percentage you contribute to each claim settled. For example, if your deductible is 20%, on a claim amounting to CZK 10,000, we will pay you CZK 8,000.

Do I have to pay anything if I see a doctor?

If you need medical attention, first contact our Assistance, which will recommend a suitable healthcare establishment. In our network of partner clinics, as a rule, you will not have to pay anything; we will take care of your bill right away. In other establishments, you will mostly have to pay the bill yourself. Contacting the Assistance in a timely manner therefore saves you money, time and trouble.

Will you reimburse me for the fare if I take a taxi to a doctor?

For help in emergency situations, contact our assistance services as soon as possible. If the situation so requires, we will also cover the taxi fare.

Will you also reimburse me for medical air transfer to a hospital?

Yes, in an emergency situation, your air transfer will be reimbursed from your insurance. As the air transfer is provided by our assistance services, you must contact them as soon as possible after the situation occurs.

Does my insurance cover an intervention of the mountain rescue service or rescuers?

Yes, an intervention by the mountain rescue service or rescuers is covered in emergency situations. This does not apply to extraordinary search operations in remote places or in extreme conditions (e.g. in rebel areas, on the open sea, etc.).

Is my luggage insured?

Yes. We will cover damage to your personal effects (luggage) if it occurs as a result of a natural event, a theft provided that the perpetrator

had to overcome an obstacle, a robbery, a traffic accident or during air carriage. Individual items will be compensated at a value of up to 50% of the insurance coverage limit, while items stolen from a car will be compensated at a value equivalent to up to 25% of the limit.

What sports does my insurance cover?

Your travel insurance always covers regular leisure and beach sports and your stay or movement at an altitude of up to 3,500 m above sea level. For a list of specific sports see the end of these insurance terms and conditions.

Does my insurance also cover skiing?

Winter sports engaged in on marked trails and at dedicated places at an altitude of up to 3,500 m above sea level are included in the insurance coverage.

Am I covered if I hit somebody on a ski slope?

Yes. Liability insurance covers damage you inadvertently cause to another person. Do not forget to contact the assistance services.

What is the purpose of trip cancellation insurance?

Trip cancellation insurance provides coverage in case you need to suddenly cancel a reserved flight ticket, accommodation or a tour. The reasons may include, for example, your serious acute illness or injury that requires hospitalisation. The deductible is 20% of the cancellation fees.

How can I buy trip cancellation insurance?

When concluding a framework contract, you can choose a variant with or without trip cancellation. In order for your trip to be insured, notify us no later than 3 working days after payment or ordering the first travel service. If you book a trip or service related to your trip less than 15 days before the departure date, you must report the trip on the day of booking.

How long am I covered by cancellation insurance?

Cancellation insurance lasts until you start to use your travel service(s) or cross the Czech border. This means, for example, when you check in at an airport or cross a border into a foreign country in your own vehicle.

Does my insurance cover private trips?

The insurance is intended for business trips, but the insurance contract can be arranged to include private trips as well.

Will you cover damage caused by terrorism?

Yes, the medical expenses, assistance service, injury or personal effects insurance also covers acts of terrorism.

Does my insurance apply in dangerous areas?

Go to our website or use our mobile app to make sure the country you are going to does not currently figure in a list of war zones. Your insurance coverage would not apply to such trip at all.

What happens if I do not make it to the airport on time due to a traffic accident?

If you miss your flight / departure you were supposed to take on your trip abroad or back home either due to a traffic accident you were involved in, or due to cancellation or curtailment of public transport lines, we will cover your travel expenses to a place where you will be able to resume your journey.

Does my insurance cover aircraft delays?

Yes. If the means of transport you were supposed to travel with has a delay of more than 4 hours, we will compensate you up to the agreed limit. This does not apply to non-scheduled (charter) airlines or pre-announced strikes.

What terms we use

We tried to be as accurate as possible while writing the text of the insurance terms and conditions. Yet, it may not always reflect every possible scenario. In order to make the text easy to follow, we prepared a glossary of basic terms defining the expressions used.

Closest relatives are your parents and children, i.e. your dependants up to the age of 26. A husband and wife, registered partners and partners who share a common household are also regarded as the closest relatives.

Collective claim is a claim resulting from one event that involves more than 3 of your employees.

Compensation table is a list of physical harm scenarios caused by an injury, on the basis of which we determine the amount of permanent disablement benefits. The table is available at our website.

Continued treatment denotes health care that is provided to you following the treatment of an acute illness or injury. Whether we regard the treatment as continued treatment will be decided by the physician of our assistance services after consulting your attending physician.

Deductible denotes an amount you contribute to each claim settled.

Employee refers to a person under a labour-law or similar relationship with an employer, or an entrepreneurial natural person.

Employer refers to a legal entity or entrepreneurial natural person whose employees are covered by the insurance.

Europe means European countries, Mediterranean countries and the Canary Islands. It does not include Russia, Belarus, Ukraine, Moldova and Caucasian countries.

Expedition denotes a pre-organised trip, the purpose of which is to achieve a special sporting or scientific result.

Fellow traveller refers to a person travelling with you, who is named in the same policy, or tour contract.

Fixed-sum insurance denotes insurance under which a predetermined amount is paid to you in the event of a claim. The actual damage worth is irrelevant.

Home country refers to the territory of the Czech Republic.

Chronic illness denotes an illness that existed at the time of the conclusion of the insurance contract and that has caused you health complications or has led to a change in medication or your treatment regimen during 6 months prior to your scheduled departure, for cancellation insurance prior to the moment the insurance was taken out. We do not automatically treat incurable diseases as chronic illnesses.

Individual item also denotes a set of your things of a similar or identical nature or use (e.g. a camera with accessories), even though they may not have been bought at the same time.

Injury is a health issue you have suffered due to the sudden action of an external factor or your own physical strength regardless of your will. More serious injuries may be lethal or result in permanent consequences.

Insurance risk denotes a specific situation, during which a claim may occur.

A. Medical expenses

You will find this insurance helpful if you fall ill or are injured while abroad.

If you need medical attention, first contact our Assistance, which will recommend a suitable healthcare establishment. Contacting the Assistance in a timely manner therefore saves you money, time and trouble.

In the event of hospitalisation, inform our assistance services as soon as possible. Without their consent, do not pay anything to the hospital even if you are prompted to. Otherwise, we may deny or curtail your insurance claim settlement.

Always discuss the use of psychological help in advance with the assistance service. Otherwise, we may reject the insurance claim.

If you receive any bills at your address, do not pay them and direct them to us without undue delay. Otherwise we may deny your insurance claim settlement.
